Prowise Neo VESA Wall Mount

Mount your touchscreen to any appropriate wall with the Prowise Neo VESA Wall Mount. The Wall Mount is suitable for all available Prowise touchscreens.

Completely in line with the Prowise Neo Lift Systems

For the entire Prowise Neo Lift Series, our primary focus has been on design and the potential for standardisation of parts. The VESA Wall Mount aligns seamlessly with the modular approach of the Prowise Neo Lift Systems, as it is utilised as a component of both the Neo Wall- and Mobile Lift. This ensures compatibility for mounting all accessories across the entire Prowise Neo range, providing a unified experience regardless of the lift system in use.
